

GATLA NAVEEN REDDY

+91 9063969219 | gatlanaveenreddy1@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

B.Tech student in Electronics and Communication Engineering with knowledge of **HTML, CSS, Bootstrap, JavaScript, Python, and SQL**, and hands-on experience developing web applications. Familiar with **Git, VS Code, MATLAB, and Antigravity**, with React.js and Node.js currently being explored. Interested in software development, problem solving, and building practical applications while continuously developing industry-relevant skills.

EDUCATION

B.Tech in Electronics and Communication Engineering (ECE)

Kalasalingam Academy of Research and Education

2023 – 2027

CGPA: 6.6/10

Intermediate

Oxford Junior College

2021 – 2023

Percentage: 57.6%

10th Class

Sri Chaitanya School

2020 – 2021

Percentage: 9.9%

TECHNICAL SKILLS

Programming Languages: Python, JavaScript

Web Technologies: HTML, CSS, Bootstrap

Database: SQL

Tools: GitHub, VS Code, MATLAB, Antigravity

Currently Learning: React.js, Node.js

PROJECTS

Adaptive Traffic Signal Controller Using Simulink

2nd Prize – Hackathon

- Designed and simulated an adaptive traffic signal control system for a 4-way intersection using **MATLAB Simulink and Stateflow**.
- Implemented a **fuzzy logic-based control system** to dynamically adjust signal timings based on traffic density.
- Developed sensor input models for **vehicle counting and queue-length detection** and integrated them with the control logic.
- Achieved approximately **35% reduction in average vehicle waiting time** compared with fixed-time signal control.

Price Comparator Hub

- Developed a web application to **compare product prices across multiple websites**.
- Designed a user-friendly interface to display product information and price comparisons.
- Implemented responsive layouts using **HTML, CSS, Bootstrap, and JavaScript**.

Personal Portfolio Website

- Developed a responsive portfolio website showcasing **technical skills, projects, certifications, education, and achievements**.
- Built structured web pages using **HTML, CSS, Bootstrap, and JavaScript**.
- Created organized navigation and responsive layouts for a user-friendly browsing experience.

To-Do List Application

- Developed a web-based task management application for creating and managing daily tasks.
- Implemented functionality to **add, update, complete, and delete tasks**.
- Designed a responsive interface using **HTML, CSS, Bootstrap, and JavaScript**.

CERTIFICATIONS

Static Website Development – NxtWave CCBP 4.0 Academy

SQL – Introduction to Databases – NxtWave CCBP 4.0 Academy

[Certificate →]

TRAINING

NxtWave CCBP 4.0 Academy – Full Stack Web Development

- Developing skills in programming, databases, web technologies, and problem solving.
- Gaining hands-on experience with **HTML, CSS, Bootstrap, JavaScript, Python, SQL, and Git**.
